

Specialist Panel

Access to specialist at
your fingertips

Care planning recommendations within
hours from our specialist panel.

22% practice at an academic institution

64% received fellowship training

100% board-certified and based in the U.S.

15 years average years in practice

5 hours respond to the majority of consults within 5 hours, guaranteed in 24 hours

OUR SPECIALISTS

Credentialed and trained specialists provide exceptional
consults, recorded in the patient's chart

Panel Credentialing

We recruit top specialists credentialed to NCQA standards. All are active, board-certified clinicians, with many affiliated with academic institutions.

Hiring and Training

Specialists undergo rigorous background checks and comprehensive training in telehealth and eConsults. PCPs provide feedback as part of our quality assurance.

Process and Regulations

eConsults are official, signed documents added to the patient's EHR. Our specialists are fully insured for eConsult services.
