

Hundreds of board-certified specialists from an expansive list of specialty areas, **at your fingertips.**

Receive care planning recommendations in a matter of hours with AristaMD's contracted panel of specialists.

>60% of our specialists are affiliated with an academic institution

64% have fellowship training

100% are based in the U.S.

15 average years in practice

<5 hours majority of consults are completed in 5 hours, guaranteed in 24

Panel Credentialing

We use the highest standards to recruit our specialist physicians, and all of them are credentialed according to NCQA guidelines. All specialists are active, board-certified clinicians, and many are affiliated with academic institutions.

Hiring and Training

All specialists pass a strict background check, and undergo in-depth training in telehealth and eConsults. As part of our quality assurance program, PCPs evaluate their experience after each eConsult.

Process and Regulations

All specialty eConsults are official documents, signed and dated by the specialist and added to the patient EHR. Our physician panel is fully insured for eConsults.

For more information or to request a demo, contact us at info@aristamd.com or visit www.aristamd.com.

eConsults with the AristaMD panel are easy and transparent.

We include information about the education, training and certifications of your consulting provider.
